

Folding for Flourishing

We want to create a visual representation of our flourishing, and we need your help. Our new sanctuary banner will feature origami leaves folded by you! Using the green square in Crossings or your own 7.5" x 7.5" square of green paper, follow the instructions below. While you fold, pray for God's kingdom to flourish on earth. When you're finished, mail us your leaf or drop it off at church.

Instructions

1. Cut out the green square on page 5 of Crossings. Or cut a 7.5" x 7.5" square of paper (preferably green) that you have at home.
2. Rotate paper 90° so the green star is closest to you.
3. Take hold of star and fold the paper under itself along dotted line 1.
4. Fold up along lines 2 and 3 to create petals.
5. Fold lines 4 and 5 under to finish the flower!

Don't have your issue of Crossings?
Or want to fold more?

Get your creative juices flowing by making your own paper! Cut a 7.5" x 7.5" square of plain white paper and decorate it using green paint, markers, crayons, or pencils. Then fold the leaf according to the instructions.
